## Search & Rescue Program Ready For A Gala Full Week of Events

### Local Man Makes Forced Landing On Busy Freeway

NEALE PERKINS of 190 Oak Meadow, Sierra Madre, poses beside the Cessna 210 which he now owns. His adventures in making a forced landing on the Golden State Freeway are told in the October/November issue of Private Pilot Magazine.

The wild adventures of a Sierra Madre man making a forced landing on the Golden State Freeway in his aircraft during the peak traffic hour are chronicled in the October/November issue of Private Pilot Magazine.

Neale Perkins, who resides at 190 Oak Meadow, Sierra Madre, tells of the experience, explaining how he was on a local flight from El Monte to San Fernando, but discovered poor visibility where he intended to land, so decided to return to his home base.

No sooner had he made the 180-degree turn than he suffered an engine failure. There was no other place to

land, so he chose the freeway, dodging traffic, but making a safe landing. Moments later, he was surrounded by police cars and officers, the latter directing traffic and attempting to untangle the resulting snarl.

It had been Perkins' hope to make the minor repair necessary and take off again from the freeway, but this idea was vetoed by the Federal Aviation Agency and he was forced to completely dismantle his aircraft, have it carried to an airport, then reassemble it.

But it apparently did not hurt his enthusiasm for flying. He is still at it, owning his own plane.

### SM Search & Rescue Team Conduct Long, Futile Search

By BILL WARK

A rather depressed group of Sierra Madre Search and Rescue men returned to their homes Sunday evening after a hard and disappointing search and rescue effort in the rock strewn basins of the High Sierra's west of Mammoth Lakes.

Their leaving sealed the fate of an 81 year old insurance executive who failed to return from a hike into the trailless area.

George E. Haney, who had spent five summers in the mammoth Lake area and knew the mountains well, prided himself on his hiking ability. Before leaving on his hike he left a note for his sister and daughter, telling of his intended route of travel. He stated that he wanted to climb 11,727 foot high Split Mountain and descend into the tiny valley there. But his note ended sadly, "I may not make it but I'm going to try."

Haney always typed his note with his left hand, his right being crippled from a rattlesnake bite many years ago.

When he failed to return at dark his sister and

daughter trailed him for about a quarter of a mile with flashlights and then lost his tracks. Mono County Sheriffs and other volunteers search the area in vain. On Wednesday morning the Sierra Madreans, who had often assisted their neighbors to the south in Inyo County were called into the search. They took with them their two famed sturdy tracking bloodhounds, Hezli-kiah and Henrietta and two highly qualified mountaineers from the Riverside Rescue Team.

The men and equipment were flown from Burbank to Bishop by the Western Air Rescue Center and then in Mono County Sheriffs' cars to the start of the search. With heavy packs the men streamed up to the 10,500 foot level where they made base camp at 2:30 a.m.

Mrs. Pulliam, who has taught flower arranging privately for a number of years, specializes in the use of green foliage for arrangements. All are invited to attend this class. Refreshments will be served during the informal gathering immediately following Mrs. Pulliam's talk.

### National Fire Week

For over 50 years the week containing the ninth day of October has been proclaimed National Fire Prevention Week. This is in recognition of the disastrous fire that burned Chicago to the ground.

Locally, this week has been used to great advantage in the promotion of fire prevention in the schools, civic groups and other organizations. Fire Marshal Bert Embree has impressed upon the children and adults of the city the importance of preventing fires, both in the home and in the mountains.

This week has been no different — the school children

### Zechner Property Denied Crucial Front Yd. Setback

The Zechner property at 333 E. Grand View was the cause for the Sierra Madre Planning Commission meeting in an adjourned session, Wednesday, Sept. 29. Chairman Couchman opened the public hearing with all the Commissioners present with the exception of Commissioners Poolman and Howell. He pointed out that the Planning Commission is not a "court of law," merely a recommending body to the City Council.

The attorney representing the applicant, Mr. Zechner, reviewed the circumstances and reminded the Commissioners that the Zechners had received a building permit, with the setback marked, and had proceeded in good faith, this meeting being on two items, a front yard setback variance and the continuation of the side yard eave setback.

The attorney stated that a building permit was granted with modifications on Aug. 17, construction

Each doorbell ringer will be identified by an official red, white and blue badge. Funds collected will be used only in support of official nominees of the party after the June, 1966 primaries or for party registration drives. Locally the drive will be headed by Mrs. Winifred Rogers, president of the Sierra Madre Democratic Club.

### Petition Out To Curb Prostitution

The Sierra Madre Chamber of Commerce board of directors, at their October meeting on Tuesday morning, voted unanimously to endorse the signing of petitions now being circulated to qualify an initiative measure to be voted on at the next general state election, giving counties and cities in the state the right to make their own laws in regulation of vice, prostitution and other aspects of lawlessness that can be considered to offend public decency.

Under present state law, municipalities have virtually no voice in defending themselves against crimes of indecency and moral outrage. The circulation of the petitions, for the signature of registered voters, so that the measure can be voted on by the people of the state, if it qualifies with

### Woman's Club To Hold Their First Luncheon

Sierra Madre Woman's Club will have its first luncheon meeting of the current season on Oct. 13 at the Clubhouse, 270 W. Sierra Madre Blvd., Sierra Madre.

The morning session, beginning at 11 o'clock, will be taken up with club business, both local and district, according to the president, Mrs. Roy E. Griffin. Mrs. John H. Maddox III, chairman of legislation and also civic improvement, will outline plans in her two departments.

After luncheon, members will hear "An Adventure in Sound," depicting the progress of sound recording and reproduction during the past 80 years, as presented by Mr. William M. Merritt of Pacific Telephone.

During the demonstration, the audience will hear sound transcripts from Alexander Bell's first telephone call, Edison's "talking machine," the Gramophone, the wax disc and the "juke box." A comparison will be made between hi fidelity and stereophonic sound.

Using the latest electronic equipment to reproduce stereophonic sound as it was recorded by two microphones, Mr. Merritt will demonstrate such sounds as a train coming to a station, a bowling game, a church choir, a jet plane passing overhead and a music concert. Stereophonic sound produces a three-dimensional effect and conveys the feeling of depth and realism.

### Kiwanis Club Hear Speaker On Drug Abuse

This being National Pharmacy Week, observed nationwide, the local Kiwanians carried the theme through their program at their regular luncheon meeting Tuesday, Oct. 5. Dr. David Kirkpatrick, president of Sierra Madre Kiwanis Club, introduced the program and the guest speaker, Ted J. Profet, who is the medical representative for Smith, Kline & French Laboratories of Philadelphia, Pa.

Mr. Profet spoke to the Kiwanians on "The Hidden Sickness," the abuse of drugs. He pointed out that modern medicine relies on potent drugs to ease suffering and restore good health, but these same drugs, when abused, can be harmful. Mr. Profet's most interesting talk clears up many of the false ideas people have about the cause and cure of this problem. He told the Kiwanians, which drugs are most often abused and suggests a program for public and personal countermeasures.

Kansas state laws forbid one to serve ice cream or cherry pie on the Sabbath, and in Topeka, it is illegal for a waiter to serve wine in a tea cup. There is an ordinance in Echo, Oregon, which allows a person to kill a neighbor's chickens which have roamed on his land and permits him also to cook and eat them, "if he so desires."

In Corvallis, Oregon, young ladies are not allowed to drink coffee after six o'clock in the evening, and in Memphis, Tennessee if a waitress serves a piece of pie to a customer, he must either eat it or it must be thrown away in his presence. It is also against the law to serve bologna in Memphis on Sunday.

In Gary, Indiana, it is against the law to ride any street car or attend any theatre within four hours after eating garlic, and in Waterloo, Nebraska, dress makers, barbers are forbidden to eat onions between seven a.m. and seven p.m.

### Senior Citizens' Meeting Report

The Sierra Madre Senior Citizens' Club met Saturday, October 2. Mrs. Kathryn MacDonald from Big Bear, and Alice Gallagher from Arcadia were guests. The president announced the open house at British Home October 3. Molly McKim announced the Style Show to be held at the Woman's Club October 20.

The president read "Turn In the Worm's Lane." The Bethany Choral Group entertained with songs and Stanley Moyer showed his beautiful slides on scenes he took in Pennsylvania.

Six members will go on a trip to Yukapia October 27.

It certainly is becoming disastrous when the people of our good country lose the right to vote on accepting or rejecting any proposition affecting them. And to me that seems to be the position that Sierra Madre Canyonites are in at the present.

—CT—

The Government has allocated \$722,000 for flood control of the Sierra Madre Wash, and even though the majority of the people object, and it could be that the City Administration could object, still the Los Angeles Flood Control Board is responsible for flood control and it will be their decision to recommend to accept or reject.

—CT—

Personally I doubt whether even their acceptance or rejection will have much to do with what is going to be done. It is my prediction that work on the Wash will start somewhere in the vicinity of April 15, 1966 and by November 15, 1966 you will see it completely covered with a concrete pipe expected to take care of the water, with a debris dam at its head with twice the capacity.

This is the law of the land, and we can see very little that can be done with such a situation.

—CT—

Speaking and thinking about laws of the land reminds us of some of the laws that are still on the books of many of our states and cities throughout the United States. Many of them ridiculous, but put there for a purpose and still exist, and have not been erased. . . . for instance, would you believe it . . .

—CT—

In Birmingham, Alabama, an ordinance rules it unlawful for a restaurant operator to sweep the floor. . . . It is against the law to eat food while walking on the street of Northfield, Connecticut and the same rule applies to anyone eating while driving a car in Washington, D.C.

—CT—

Kansas state laws forbid one to serve ice cream or cherry pie on the Sabbath, and in Topeka, it is illegal for a waiter to serve wine in a tea cup. . . . There is an ordinance in Echo, Oregon, which allows a person to kill a neighbor's chickens which have roamed on his land and permits him also to cook and eat them, "if he so desires."

A special Christmas project for service families will be launched by Red Cross in its local branch office, 25 S. Baldwin Ave., on November 12, according to Mrs. Richard H. Law, chairman of the Sierra Madre Red Cross Branch.

Red Cross trained volunteers will gladly help you record your voice on a plastic disc. These discs will be made and mailed by Red Cross at no charge to the serviceman or his family. Red Cross Field Directors at military bases and hospitals have equipment to play the records — in private if the serviceman desires — or they may be played on any 33 1/3 rpm record player.

To obtain this service, call the Pasadena Red Cross Chapter office, 799-0841, between 8:30 a.m. and 5 p.m. on Monday through Friday, and set up an appointment to make your Voices From Home recording at the Sierra Madre Red Cross office on November 12.

There are 10,000 reasons why you should be on your guard for "bad" sore throats. They are the 10,000 children who contract Rheumatic Fever every year. If someone in your family gets a serious throat infection, make sure he is examined by your family doctor. If diagnosed in time, your doctor can usually cure this strep infection with antibiotics before it can cause heart damage.

## Shakespeare Club Travel Dept. Shows Color Film

Mrs. James G. Chambers, president, will open the meeting of the Shakespeare Club of Pasadena at 1:30 in the Shakespeare Auditorium, 230 S. Los Robles, on Tuesday, Oct. 12. The Travel Department, Mrs. C. Edwin Erkel, director, will present Mr. Ken Wolfgang who spent three years in Japan, where many official doors were opened to him, enabling him to capture on color films many scenes seldom viewed by outsiders, in an intimate approach to the activities of the people, as well as scenic wonders of the old and new Japan. His outstanding film is entitled "Japan as the Japanese See it."

At the luncheon meeting in the Stratford house at 12 noon, the Civic Interests Committee, Mrs. George A. Cox, chairman, will present Dr. C. Lowell Lees, president and director of the Pasadena Playhouse, who will speak on "New Ideas and Developments." Mrs. Kenneth H. Lamond is chairman of the Public Affairs Committee.

## Begonia Society Meets Friday

San Gabriel Valley Begonia Society will meet Friday, Oct. 8, at 8 p.m. in the Sunset Gardens at the Arcadium in Arcadia. New patio heaters will be used if the evening is chilly.

## Shakespeare Club Starts New Program Series

Launching a new Fourth Tuesday Subscription Series, beginning in October, the Shakespeare Club of Pasadena will present six star caliber programs every fourth Tuesday afternoon from October through April, excepting December, when the club is closed.

Mrs. Walter L. Benedict, program chairman, has spent effort and hours seeking out and signing up exceptional and varied programs, which will be presented at 1:45 p.m. in the Shakespeare Club auditorium for members and their friends and guests who are fortunate enough to obtain tickets.

Mrs. James C. Chambers, president, and Mrs. Benedict announce a preview of stars scheduled to appear: In October, Ken Delo, star of his own television program in Australia, in a program of comedy and songs; November, Marilyn Maxwell, who has been Bob Hope's leading lady, will present her own night club act; January, the world famous Sujata and Oeoka will appear in a group of scintillating dances from India; February, Laurence Welk's stars, Jim Roberts and Bob Ralston, will entertain with a two-man show; March, leading hypnotist, Arthur Ellen, will demonstrate his abilities with audience participation; and in April, Zita Szelezcy, Hungary's first lady of the theater, will sing and model costumes.

The fourth Tuesday series is in addition to the regular Tuesday luncheons and afternoon programs which are traditional with the Shakespeare Club.

## 7th Festive Fare Sponsored By University Women

Plans for the Seventh Annual Festive Fare, sponsored by the Arcadia Branch of the American Association of University Women, have been announced by Mrs. Rosemary Gartner, chairman. The Fare will be held on Thursday, Nov. 4, at the Los Angeles Turf Club from 10 a.m. to 9 p.m. This year's theme will be "Santa Visits Festive Fare."

Arcadia merchants again have been invited to rent space to display their Christmas gift suggestions, decorating materials, and entertainment ideas for "window shopping" only. No merchandise will be sold and no admission will be charged. Coffee will be served by AAUW members.

Proceeds from the Fare go exclusively for the AAUW Fellowships Fund which enables outstanding American and foreign women to do graduate work here and abroad. Since 1953 the Arcadia branch has contributed over \$13,000 to this program of education.

Assisting Mrs. Gartner as co-chairman is Mrs. Blynn Wilson. Other members of the committee are Mmes. James A. Gilruth, F. Jack Liebau, Ira M. Price, Gareth Ortman, Dale M. Thurman, Fred T. Potter, Lloyd M. Brown, William C. A. Woods, Arthur Hanks, Robert I. Fish, Alfred Lubin, Stephen B. Fabeck, Ray Swanson and Caletan Green.

## MEMOS FROM YOUR Stylist

By LOLITA

Fashion is often a good guide to the coiffure a woman should wear. However, women should be chary of both fashions and hairstyles which are overwhelming. Neither should dominate a woman, rather they should enhance the charm of her appearance and be nicely in tune with both the individual's clothes and personality.

For that hairstyle, beautifully . . . in fact, perfectly . . . in tune with your personality, rely on the skilled, imaginative styling at PETITE BEAUTY SALON, 185 W. Sierra Madre Blvd., phone EL 5-8041. . . . manucures by Gladys, . . . styling, coloring, tipping and frosting by Lolita, Frances, Bernadine, Sherry Sue, Lee and Betty. . . . Revlon Cosmetics . . . La Cura Facials . . . imported wigs from Germany . . . We style, fashion and clean all wigs. Open 6 days, Thursday evenings by appointment . . . air conditioned salon and latest in dryers . . . completely redecorated . . . we serve coffee . . . parking in the rear. THIS WEEK'S HELPFUL HINT: Although eyebrow pencils should match hair color, ash blondes might try a gray pencil and golden blonde light brown.

## SM Community Hospital Aux. Install Officers

Sierra Madre Community Hospital Auxiliary members and guests gathered on Sept. 23 for their installation luncheon which was held at Eaton's Santa Anita Restaurant.

Mrs. Herbert Hargraves was installed as president. Serving with her are vice presidents, Mrs. Gilbert Yorba, Mrs. Harry Wharton, Mrs. Eldon Clough and Mrs. Otto Anderson; recording secretary, Mrs. Warren Brown; corresponding secretary, Mrs. Edward Chapman; treasurer, Mrs. William Sullivan, and directors, Mrs. William Meek, Mrs. Paul Hemsley, Mrs. Randolph Wood, Mrs. Severin Sorensen and Mrs. A. R. Shopeck.

Honored guests at the luncheon were Miss Clara Sykes, who was the installing officer; Dr. Robert G. Davis, chief of staff, and Mrs. K. L. Eisenhart, hospital administrator.

Mrs. Robert Green, who is the field consultant for Regent 3 for the American Red Cross, was guest speaker. Mrs. Green, herself a volunteer, entitled her talk, "Philosophy of Volunteering."

A report of past year achievements was presented. Hours of devoted service totaled over 5,300 for auxiliary members and 540 for the Candy Strippers.

A total of \$3,411 has been raised during 1964-65 for hospital improvements. Among the donations made during the year were an isolette for premature babies and an hydraulic lift for the patients.

Mrs. Gilbert Yorba was luncheon chairman and Mrs. Stoddart made the attractive and unusual table decorations.

### 6 Local Freshmen Enrolled College Of Holy Name

Among more than 200 freshmen enrolled at College of the Holy Names are six from the Pasadena area.

Maria Simon, daughter of Mr. and Mrs. E. J. Simon of 100 W. Camino Real, Arcadia, is following in the footsteps of her sister, Toni, who is a Holy Names graduate. An alumna of Alverno Heights Academy, Sierra Madre, Maria was variously class president, class treasurer and homeroom president in high school, as well as taking part in athletics, drama and French Club.

Patricia Tobin, another Alverno graduate, is the daughter of Mr. and Mrs. Robert E. Tobin of 1110 Greenfield, Arcadia. Her sister, Kathy, attended Holy Names for one year before entering a convent in Los Gatos. Patricia was granted the Sister Madeleine Scholarship for her high school activities, which included service as student body vice president.

Kathleen A. Rook, also a graduate of Alverno Heights Academy, is the daughter of Mr. and Mrs. Kenneth H. Rook of 41 Holdman Ave., Sierra Madre. Her high school activities included membership in many clubs and volunteer work with the Red Cross.

Mary Rita Reilly's parents, the Phillip J. Reillys, live at 411 Catalpa Road, Arcadia. Her alma mater is Alverno Heights, where she was junior class president and a member of the honor society. She, too, won a scholarship to Holy Names.

Other freshmen at Holy Names, a liberal arts college for women in the foothills overlooking San Francisco Bay, have come from Hong Kong and South America and from states as far away as Alabama, Alaska and Hawaii.

### Della Shipway, Long Time Resident, Passes

Mrs. Della Shipway, age 70, of 292 E. Laurel Ave., Sierra Madre, passed away Saturday, October 2 after a very long illness.

A long time resident of Sierra Madre, Mrs. Shipway was originally from Missouri, but had made her home here since 1922.

Survivors include her husband, Roy D. Shipway of the home address; two daughters, Mrs. Rowena Wingate of Sierra Madre, and Mrs. Ardis M. White of Prescott, Arizona, and two sons, George D. Shipway of Upland, Calif., and Wesley T. Shipway of Santa Suzana, Calif., and 12 grandchildren.

Services were held Tuesday, October 5 at 2 p.m. at the Riple Mortuary Chapel with Dr. Fred Grootsema officiating. Interment was at Rose Hills.

Arrangements were made by Riple Mortuary.

### Hold Area Court of Honor

The Boy Scouts in the Sierra Madre-Hastings Ranch area of the Rose Bowl District, Boy Scouts of America, will hold their area Court of Honor at the Sierra Madre School auditorium at 7:30 p.m. on Monday, Oct. 11.

At this Court, which will be under the direction of Marcus Woodward, district advancement representative for the area, the Scouts in troops and posts will receive their advancement and merit awards for the past several months, and there will be the usual costly contested battle for the attendance "Oscar."

Participating with Woodward will be Scout leaders in the area, as well as members of the professional staff from the Council office.

### Kaffee Klatsches To Be Held By Wilson PTA

A series of three kaffee klatsches and informal question and answer discussions will be sponsored by Wilson Junior High School PTA for new parents during the month of October.

George McNeish, principal, and other members of the administrative staff will be present to describe school life at Wilson Junior High and to answer any questions parents may have.

The first kaffee klatsch will be held on Oct. 7, at 9:30 a.m., at the home of Mrs. Ralph Rule, 340 Olive Tree Lane, Sierra Madre, for parents in the local area.

The second one, for parents in the Willard-Hamilton Elementary School areas, will be on Oct. 20, at 9:30 a.m., at the home of Mrs. Stephen Whittlesey, 3329 San Pasqual Ave., Pasadena.

The third, for parents in the Field-Hale Elementary School areas, will be held at the home of Mrs. Robert Ashby, 3845 Fairmeads Rd., Pasadena.

Parents who cannot attend the kaffee klatsches in their own areas may attend either of the other two.

The regular monthly meeting of the PTA executive board is scheduled for Thursday, Oct. 14, at 9:30 a.m., at East Pasadena Youth Center.

The fourth event for Wilson parents during October will be the annual Back-to-School Night on Oct. 21.

### Petition Out

enough, valid signatures and then passes in the election, will give cities and counties an opportunity to make and enforce their own decency laws, which are not otherwise in conflict with existing state law.

The proponents and backers of this endeavor are: County Supervisors Association of California, California State Peace Officers Association, Past Grand Jurors Association of Los Angeles County and many other service and civic organizations.

The chamber strongly urges all citizens concerned with the protection of moral integrity and decency of their home cities, to get behind these petitions and sign them so that the measure may qualify for state election. Some 500,000 signatures will be needed for such qualification.

Petitions may be signed at the real estate office of John H. Curtis, 304 W. Sierra Madre Blvd.; at Arnold's Hardware, 297 W. Sierra Madre Blvd., and at the office of The Sierra Madre News, 9 Kersting Court.

### Sierra Madre When The Lights Go On

A Sleepy Hollow comes to life with a "Chee-Ken - Koo-Ken and Scratchin'" on Montecito St. at Veterans of Foreign Wars Post Home, Saturday night, October 9.

The fellows that gave their time to keep your home safe invite you to attend the party, a barbecue chicken dinner and dance.

This affair is open to the public with donation going toward celebration of the 30-year anniversary that is coming in February, 1966.

Wistaria Poets Welcome Visitors At Fall Meeting

The fall season may have caught everyone with their fall leaves down - what with its unexpected arrival in the midst of summer - but with the Wistaria Poets Chapter (of Sierra Madre), affiliated with the statewide-spread California Federation of Chaparral Poets, everything's coming up roses, still. They meet this second Saturday of the month, October 9, at 2 p.m., as non-stoppage as ever, in the back talk-room of the Sierra Madre Public Library. To go over, prune and revitalize the writing seeds of summer that everywhere else have lain fallow - fresh as though summer were still upon us, through which summer there was no cessation of poetic fertilities though all such other rites of other writing clubs had come to a humid halt.

Past events have been heated revisits with the Old Poetic Forms, such as the Villanelle, Rondelet and now on the threshold, the Cameo, as advanced by Mabel Nisbet, member and past Chaparral president. The results continue to be eye-opening, throttling the space topics, theme of universality and others straight and square from there to here.

Esther Webb, erstwhile Sierra Madrean, now of Seal Beach, is a worthy contributor to this classic writing with an experimental twist, as well as other worthies: Pres. Daisy MacFarlane (no slouch, she); Beverly Woods (whose writing in this vein is something to behold, she being seasonal as well as a newcomer to the league); not too far behind are Millie Solury, steadfast Ethel B. Myers, Helen Frey and Paula O. Ennis, bedraggling her anapests just a little.

Visitors welcome! On the agenda will be observation of Poetry Day, as climaxed by the McGroarty Pilgrimage October 17 at which time, Millie Solury will be represented by her poetry.

### Zechner Denial

ed concerning this property, few were answered. An interested participant in the audience raised the question, "Was a building permit granted?" to which the answer was not clear-cut.

After a two-hour discussion, the Planning Commission voted on the items separately. The side yard variance for the eave overhang was granted, the front yard setback and main "bone of contention" was denied.

Since this was the only item of business before the Commission, the meeting was adjourned until the next regular meeting, which will be Oct. 21.

### First Meeting

Paul Moore, La Salle Parents' Association president, announced that the first general meeting of the organization will be held in the school gymnasium auditorium on October 7 at 8 p.m. Teachers will be available beginning at 7:30 for consultation, and they will remain after the session to meet those parents interested.

### Sierra Madre Search and Rescue Team

plunged into the search. They scrambled over huge boulder fields, circled Lost Lake and passed Valentine Lake, climbed knife like ridges and scaled through snaky banks to the top of Split Mountain and peered down into the tiny valley but no trace was to be found.

And then the chill of the evening came, clouds covered the sky and snow started to fall as the weary searchers wandered in, two by two, to huddle around the tiny fire at base camp. During the night temperatures dropped to 12 degrees and each one worried and wondered how the poor old fellow could survive out in that cold void of darkness.

But as in life as the men's spirits sag at the end of a frustrating day, so they also rise with the dawn, as another day of a grueling search begins. Chilling winds cleared the skies as the men crept along the snow banks, ever looking for that tell tale track or a bit of paper to tell them some human being had been there

before. But there was nothing to be found.

Just at dusk on the third day of the search a veteran tracker of the Sierra Madre Team found a single pair of tracks in a small sandy cove between the rocks. The men's spirits shot skyward and the search was centered in the area. But once again tracking became useless in the tumbled land. The men crept over boulders as big as houses peering into every crack as they criss-crossed the valley.

The silence of the hills was broken only by the roar of a boulder falling from above. Time was running out and the men knew in their hearts they were faced with failure. As they hiked from the hills on the last night of the search they were met by the Mono County Sheriffs who took them to dinner and regretfully called the search off.

Talking quietly to the team, Mr. Haney's sister and daughter told the men that Haney loved the Mammoth Lakes area, loved the mountains and perhaps he "preferred it this way."

But it was a dejected group of mountain rescue men. They had been beaten by the mountains, the weather and time. Yet, Miner Harkness and his Team should get credit. Never have I seen the men put forth more effort over treacherous terrain to save a human being in trouble.

### Dean Announces Scholarships

Cleon Butz, dean of guidance and counseling at Pasadena City College, has announced that scholarships totaling over \$4,200 have been awarded to students now attending PCC.

Continuing students who received this award for their first year and who will receive the same scholarship assistance for this year include Diana L. Gordon of Sierra Madre.

## Pvt. Richard Kerr Completes Basic

## PEPTONE

by Deedee & Alice

Pvt. Richard E. Kerr, son of Mr. and Mrs. Earl M. Kerr, 541 Foothill Ave., Sierra Madre, completed basic Army administration course at Fort Ord, Calif., Oct. 1.

During the course Kerr was acquainted with the preparation and filing of various Army records and forms.

Kerr entered the Army last May and completed basic training at Fort Polk, La.

The 20-year-old soldier was graduated from Pasadena High School in 1962 and attended Pasadena City College.

## Delta Gamma Meets October 12

Luncheon will be served to members of the Pasadena Alumnae of Delta Gamma at noon, Tuesday, Oct. 12, at the home of Mrs. Arthur H. Rolapp, 645 Chester Ave., San Marino.

Following the business meeting with Mrs. Charles S. Heublein presiding, Mrs. Walter A. Turner will discuss Delta Gamma activities in Southern California. Mrs. Turner is the province alumnae chairman and resides in San Diego.

Mmes. Joseph R. Danforth, Paul Thornton and John M. Meeds will be co-hostesses. All Denal Gammas in the area are extended an invitation and may make reservations with Mrs. Rolapp at 793-2321.

"Allerrainralncarinf" sound funny, huh? It's real, as a matter of fact, it's the name of a song written by John Overlin and Kelly Lammers of the "Kavellers."

The Kavellers known for their humor, as you might have already guessed, have a style that can't really be imitated. It's sort of a combination of the Rolling Stones, Chuck Berry, and the Kingsmen.

The West Covina Youth Center is where we met them and at the time Deedee said to me, "They couldn't be the Rolling Stones in disguise, could they?"

The boys have been together for about a year but it wasn't until recently that Ron Glass became their manager. Then they started to have things going for them, even so much as to probably be cutting a record in December or January.

This group is composed of five lads: John Overlin, rhythm guitarist; Jim Hill, drummer; Kelly Lammers, lead guitarist; Gabby Hernandez, lead singer; and last, Dave Shaffstall, bass guitarist.

If you happened to be tuned into your tellys a few weeks ago, you would have seen Countdown '65, a show which these boys participated in to make it the huge success that it was.

I hope the boys stay as marve always as they are right now, of course, that won't be hard.

Do you like the Mind-benders? If you do you had better plan to buy all of their albums 'cause Wayne is thinking seriously about leaving the group. What would happen then?

Within the next few months The Rolling Stones, the Dave Clark Five, and Peter and Gordon are making return engagements to the L.A. area. Better hurry up and make arrangements to see them.

Want to know something about your favorite singer or singing group? Send a postcard to the Sierra Madre News, c/o Deedee and Alice, Sierra Madre.

**Nutrition Group To Present Panel Oct. 7**  
On Thursday, October 7, 9:30 to 11:30 a.m., the Pasadena Chapter of the American Nutrition Society will present a panel discussion "The Art of Introducing Good Health to Your Family Via Good Nutrition," to be held at the Shuffleboard Clubhouse, Jefferson Recreation Center, 1520 E. Monte Vita St., Pasadena.

Due to the chapter's exciting growth over the past few years, the board members will take this opportunity to share their new ideas and expanding areas of activity. This meeting will be open to the public and presents an excellent chance for non-member friends to learn more about the society.

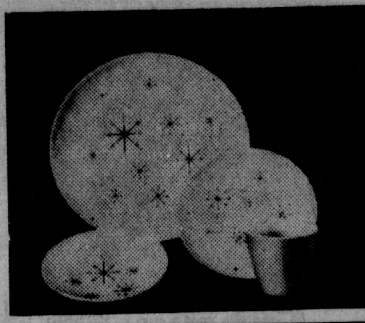

Baby sitting will be provided. Call 798-2472 for further information.

**SPORTS AS Hank Ives SEES IT**

OLD HANKUS HAS BEEN WRONG BEFORE

ALRIGHT ALREADY, the Dodgers didn't finish in seventh place. How that team of "no stickers" could possibly win the National League pennant is one for Ripley's "Believe It Or Not." As a matter of fact, Old Hankus didn't do much of a job of tabbing the American League chase either, putting Minnesota in the sixth hole in pre-season estimates. About the only claim to fame was predicting the decline of the Yankee empire.

SINCE THIS not so peerless prognosticator has been wrong on the Dodgers all season he will step out a little further on the shaky limb. MINNESOTA'S TWINS to win the World Series in seven games. Of course it's sacrilege to say anything against Los Angeles these days, but this reporter simply has a hunch that the hot pennant race were down the locals to the point where it will tell.

EVERYONE KNOWS the Dodger batting attack is the most anemic since the Chicago Hitless Wonders. On the other hand, the pitching is sensational, and should Koufax - Drysdale - Osteen - Perranoski and company maintain the fine pitch (that's a pun son), it's hard to see how even the hard hitting Twins can hope to survive.

ON THE OTHER HAND, let's figure the salary flippers show signs of strain and the powder puffs in the hands of L.A. hitters con-

tinue to go poof at the sight of a pitched ball.

SAM MELE'S Minnesotans have some pretty fair moundsmen of their own in Mudcat Grant, Camilo Pascual, Jim Kaat, Red Worthington and John Klippstein who have been able to get the job done with Pascual returning to his sharp form after an operation.

The Twins have muscles they haven't even discovered yet and it could be that Zoilo Versalles will show off some mighty fine short-stopping, Killebrew will return to his bombing form, Mincher will bash a couple of pinch homers and Tony Oliva's all around play will be on the sensational side.

SO IT'S THE TWINS in seven, but don't forget, Old Hankus has been wrong the whole baseball season.

DON'T GET THE IMPRESSION that Old Hankus is playing down the Dodgers. One thing for sure, except a revised opinion on the "rookie of the year" honors. It has to be Jim Lefebvre. Houston's Joe Morgan had a fine year, but under pennant pressure, Jim was something else. Walter Alston without a shadow of a doubt must be the top manager, and Sandy Koufax might well be the first pitcher since Hal Newhouse to win the MVP award, though my vote still goes to Willie Mays.

ON THE FOOTBALL FRONT, the ancient one picked 13 winners in a week that saw favorites fall like leaves in autumn. In the "limb crawler" section, he must pat himself on the back for tabbing Idaho over Washington State and UCLA to beat Penn St. Season's record now looks like 38-18-3 with a 10-5 upset ledger. PASADENA'S LANCERS, with a new lease on life, to maintain unbeaten mark by dumping Compton 17-7. Don Hunt claims this PCC eleven is the best in 15 years, but we would settle for a 6-3 record.

MUIR to bounce back with a 38-13 win over Crescenta Valley.

USC about to put everything together (and they'll need it in Huskyland) to nip Washington 20-14. Let's hope it doesn't rain.

LIMB CRAWLER SECTION — GLENDALE HOOVER to halt the terrific "no-loss" streak of Pasadena High. The Bulldogs can only go so far with their short-handed troops. . . . UCLA to slip another mickey (or should we say Beban?) to an Eastern powerhouse, Syracuse. . . . UTAH STATE to upset our last week's upsetter, Idaho. . . . OREGON STATE to bounce Northwestern on the Wildcats home field. . . . BUFFALO to take the measure of Sid Gillman's Chargers.

OREGON to continue unbeaten (and keep their spot in the Rose Bowl sweepstakes) by dropping Stanford 27-20. . . . AIR FORCE to notch first win of the year over California (that one should be in the limb crawler dept.). . . . WASHINGTON STATE over Villanova.

OHIO STATE to win Big-10 opener over Illinois. . . . PURDUE to bounce back against Iowa. . . . MINNESOTA over Indiana but watch out. . . . MICHIGAN STATE to nip Michigan but don't bet the family jewels on that one.

FLORIDA over Mississippi. . . . KENTUCKY to nip Florida State. . . . LSU by 10 over Miami of Florida. . . . DUKE to outscore Pittsburgh in another wild one. . . . GEORGE HALAS INSTITUTE OF CHICAGO to enter

**Rushing Season Climaxes With Two Meetings**

Rho Chapter, Beta Sigma Phi, will climax its fall "Rushing" season with two events, a model meeting and a presentation tea.

The model meeting will be held October 7, at 8 p.m. at the home of Mrs. Thomas Bates of Sierra Madre. The purpose of the model meeting is to acquaint prospective "Rushes" with a complete picture of Beta Sigma Phi locally and internationally. A brief business meeting and short talks by officers and committee chairmen are among the highlights of the meeting. The program for the evening will be "Speech" presented by Mrs. Walter Christiansen.

Mrs. Robert Curtis, rush captain, announces that invitations have been sent to Mrs. Charles Wright and Mrs. Richard Michelson of Sierra Madre and Mrs. Kirby Shaw of Arcadia.

The social committee, under the direction of Mrs. Brent Rock, will be in charge of refreshments. A centerpiece of yellow roses, the sorority's flowers, will grace the table as will a cake decorated with three stars signifying that Rho is a three star chapter in Beta Sigma Phi.

The presentation tea will be held Sunday, October 10, 2 p.m. at the home of Mrs. Ron Shoup of Monrovia. It is at this time that the sorority formally introduces its new pledges.

Mrs. Russell Richardson, president of Rho, has chosen "Paths to Loveliness" as her theme for the year. This theme will be carried out in table decorations for the tea.

the victory column by edging the Los Angeles Rams. Two wins over the Bears in one year would be too much for the Angelinos. BERNIE SCHWARTZWALDER, longtime and highly successful coach of Syracuse, will be the speaker at the Quarterback luncheon Friday noon at the Elk's Club. Drop in.

## Student Body Now 501

### La Salle Hi School Shows Enrollment Expansion

La Salle High School, in the midst of expansion, greeted 135 new freshmen to raise the student body enrollment to 501 students for the 1965-66 school term. The total enrollment represents near capacity in the present school which is undergoing building expansion to enable an increase in size for the next school year. The costly \$300,000 project is scheduled for completion in March, 1966.

Also greeting the new and returning students to La Salle High School are five new instructors. One Christian Brother and four lay professors join the expanding faculty.

Brother L. Giles, F.S.C., instructor in Latin and Greek, as well as religion, comes to La Salle from Saint Mary's High School in Berkeley, California, where he has been teaching since 1962. Brother Giles will also be the new "C" basketball coach.

Mr. William Hayes, instructor in math and physics, taught last year at Notre Dame High School, Sherman Oaks, and previously in Indiana and for four years in England. A native of Limerick, Ireland, Mr. Hayes is a graduate of the University of Ireland with a degree in physics.

Mr. James Brown is a graduate of the Georgetown University School of Foreign Service. Married and the father of an infant son, Mr. Brown is an instructor at La Salle in history and English.

Mr. Jack Dominguez received his degree in history from California State College at Los Angeles. He is teaching history and political science on the senior level this year.

Completing the faculty is Mr. Edward Fisher, instructor in math in the lower division. A graduate of Fordham University with a degree in psychology, Mr. Fisher taught at Franklin High School in Philadelphia.

### Cobwebs

50 Years Ago:  
October 15, 1915

The Sierra Madre social season was opened brilliantly last night when Mr. and Mrs. John Mason entertained 150 guests with dancing and cards at the Woman's Clubhouse.

Captain Osgood is visiting in the East, but took time to write a letter of protest to the location of the proposed Canyon sewer plant.

An art exhibit will be shown at the first meeting of the Parent Teacher Association and Miss Marguerite Ward will sing during the afternoon.

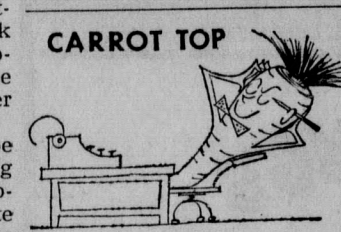

## Letters to the Editor

Dear Mr. Bradford:

As a California driver who is very appreciative of our rapidly developing freeway system, I now find myself objecting to two proposals made by engineers of the California State Division of Highways. They are as follows:

1. A recent newspaper article referred to a proposal made by state engineers to build a new freeway underground through the City of Beverly Hills at an additional cost of 57 million dollars of taxpayers' money. Why is Beverly Hills entitled to an underground freeway when other cities and towns are not? Is this not showing discrimination against other communities and favoritism towards Beverly Hills? Is the scenery of other areas so much less attractive than Beverly Hills that they also are not entitled to underground freeways? If the City of Beverly Hills wants an underground freeway, they should be willing to pay the difference in cost between the overhead and underground freeway. I object to California taxpayers having to spend an additional 57 million dollars solely for the benefit of Beverly Hills.

2. Another freeway which has been under discussion for some time is the proposed freeway through the Redwoods State Park. No doubt about it, a freeway in that general area will be welcomed, but why must we wipe out some of our state's natural beauty when it is not necessary to do so? With our relentless increase in population, making it more difficult to find areas to retreat to on weekends and holidays, is it logical to build a freeway through one of these areas? Could we not locate this freeway to the east of the State Park? It would be deemed wise if the highway engineer would remember not to destroy the places to go to in order to build the freeways to get to them. I object to a freeway being built through any part of the Redwoods State Park.

Now as we read just recently, California enacted some 2000 new laws on its books, but according to a State Housing Act, California laws make it illegal to sleep in a kitchen, but all right to do your cooking in the bedroom... What a government, I say.

Also I am reminded of an incident I read in an English newspaper where the story stated in part that the town council of Faversham, England, spent so much time studying reports of efficiency experts on how to speed up their work that they got six months behind.

But here is one that takes the cake for sure... It seems that a police dog in Nairobi, Kenya, has 500 arrests to his credit. Recently he was bitten by a man he was looking for. The man got 15 months for "unlawfully wounding a police dog in the execution of its duty... so you see this is not a "man's world" after all.

In closing the column for this week I would like to leave you with this bit of reporting... "Congress, with a minimum of debate, has risen the national debt limit to the staggering figure of \$323 billion. It did this because, as they say, there was no choice... I suppose this included the expenditure of \$722,000 for Sierra Madre Wash, I hope, I hope, I hope.

## First Aid Courses Y-Teen Roll Call October 6-10 Offered By Red Cross

A ten hour course in Standard First Aid Training is being offered by Red Cross. The course will consist of five 2-hour sessions — from 10 a.m. until noon — starting on Tuesday, October 5 and continuing on each of the following four Tuesdays. Each session will be held at the Pasadena Chapter House, 430 Madeline Drive, in Pasadena. For anyone necessarily missing one of the five regular sessions, a make-up session will be held on Tuesday, November 9, at the same hours and place.

Mrs. Richard Ridgeway, Sierra Madre chairman of Red Cross First Aid Service, says that this course is open to the public but since the size of the class is limited it will be necessary to accept reservations in the order received. She suggests that anyone interested in receiving this course of instruction, which is free of charge, should register immediately by calling Red Cross at 799-0841, extension 65.

Children should be seen and not hurt. Defensive driving will always pay.

Sincerely,  
—EDWIN BARRACLOUGH.

"Go with us" will be a familiar phrase in the Foothill Area as Y-Teens tell their friends October 10-16 that they are on the "go."

The occasion is the annual Y-Teen Roll Call sponsored by the Young Women's Christian Association of the USA. During this week, members will join with those of more than 7,000 clubs across the country in celebration of an event that has been a yearly one since 1948.

Y-Teen Roll Call marks the official start of a new program year of YWCA work with youth. There will be membership drives in local schools as well as at other places where teenage youth assemble.

Girls in the 12 to 17-year age group are invited to visit Y-Teen meetings and the YWCA headquarters, 78 N. Marengo Ave., Pasadena, to observe the wide variety of program activities open to them.

Miss Anna Davis, chairman of the Teenage Program Committee, describing how Y-Teens of this city are "on the go," noted among the special activities the following:

Club meeting in all of the Pasadena Junior Highs and Senior Highs to welcome new members; plans are being made for a camp

leadership week end at Camp Tahquitz Meadows, October 22-23; trips, speakers, opportunities to help others, swim parties, sports days, Southern California leadership conference.

In the Y-Teen program of the YWCA, she explained, teenage youth work closely with adults in developing projects that help them better serve their community, nation and world.

Teenagers in the Foothill are urged to join the cry, "Go, Go With Us" by calling the YWCA, 793-5171, and asking for Teenage Program Directors, Miss Kendall Ridgeway, Miss Nancy Kleinhammer or Mrs. Melva Newman.

## NATIONAL PHARMACY WEEK

October 3rd through October 9th has been proclaimed by President Johnson, Governor Brown and the mayors throughout the nation and California as National Pharmacy Week. The main theme of the week will naturally be: LIFE EXPECTANCY INCREASED, which is the fundamental reason for Pharmacy.

Better drugs, better nutrition, better medical care, better health and sanitation have increased the average life expectancy to over 70 years. New drugs have helped to sharply curtail death rates from once feared diseases such as the formerly common ones as whooping cough and diphtheria.

Seven out of ten prescriptions written by physicians today were unknown as recently as 1950. Included in the newer prescription drugs are such ones as tranquilizers, antibiotics, pain killers, cancer drugs, polio and measles vaccines and many others.

These drugs have reversed a trend by returning thousands of people to useful lives and have saved millions of taxpayers' dollars.

We at Hartman Pharmacy are proud to be a part of the Health Team and invite your inquiries on your health problems. Yours for the BEST of HEALTH!

## National Fire Week

dren have been besieged with demonstrations of the fire-fighting equipment of the local Volunteer Fire Department, manned by some of the Volunteer Firemen. They have seen first-hand the efficiency of the fire suppression forces.

Various organizations were privileged with the sharing of the busy schedule of the Prevention Bureau. Films, talks and demonstrations are being presented, in an effort to keep the loss of life and property at a minimum by preventing fires before they start.

Fire Chief Charles Brown announced that in keeping with the events of the week, the traditional and annual Open House at the main fire station will be on the anniversary of the Chicago fire—Saturday, Oct. 9, from 10 a.m. to 3 p.m.

This is the time that the children, and parents, may inspect the equipment and quarters first-hand, and talk to the firemen who protect them from fire. Generally, there are many questions that are asked, and the experts of fire-fighting will be on hand to answer them.

Fire prevention materials printed for your information, will be handed out so that everyone can understand the importance of this City Department.

## Rev. Armin Hesse Announces Sermon Theme

"The Silence of Unjust Slander and Criticism" will be the sermon theme of the Rev. Armin Hesse in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive.

The pulpit message will be the fourth in the fall series on the First Epistle of Peter. It will center on Christian example and action "speaking louder than words," according to the pastor. Holy Communion will be celebrated during this service.

Convening at 9:15, the Sunday school departments will begin a historical study of "Israel's Entrance into Canaan under the Leadership of Joshua, a Type of Christ." The Junior High Bible Department, under Dr. Donald Garner, and the Young Adult Bible Department, under Michael Salazar, last week initiated studies on the Genesis account of creation. This coming Sunday the Adult Bible Department, meeting in the sanctuary, will begin a study of the Epistle to the Romans under a team of teachers, with Robert Beckstrom serving as the director.

The Midweek Bible Hour, under the direction of the pastor, will be resumed next Wednesday evening at 7:30

## Speed Up of Flood Control Projects

Supervisor Frank G.  
Bonelli, chairman of the  
County Flood Control Dis-  
trict for the Board of Super-  
visors, today called for a re-  
view of the schedule of work  
proposed under the 1964  
Flood Control Bond Issue to  
assure that there be no lag  
in the vital public works  
program.

On Bonelli's motion, the  
Board of Supervisors recent-  
ly instructed the Flood Con-  
trol District to review its  
work schedule for the huge  
\$275 million storm drain  
construction program that  
was approved by county  
voters last November.

"I want the District to  
advise this Board what steps  
should be taken to assure  
that the original construc-  
tion timetable is met,"  
Bonelli declared.

"On June 29, 1965, the  
Board of Supervisors adopt-  
ed an order approving the  
schedule of work for the  
completion of the 1964  
Flood Control Bond Issue, as  
suggested by the Associated  
General Contractors of  
America, and I am in re-  
ceipt of information indicat-  
ing that this schedule is not  
being adhered to," he said.

Under the 1964 storm  
drain construction program  
some 267 urgently needed  
storm drains are to be built  
to provide continuing pro-  
tection to residents and  
property in all parts of the  
county.

## A MAN'S HOME IS HIS CASTLE

No matter what its size, shape or design, whether it be a mansion or a cottage . . .  
a royal edifice on the Rhine or a modest desert retreat, the saying still goes. For truly  
a man's home, and that of his family, has a special place in his heart. It is what he has  
always wanted, what he has always planned for . . . for them, for himself. It is one of  
the real ingredients of the great American dream. Here, at Altadena Federal Savings,  
to help make that dream a reality, we offer loans to buy or build the home you desire.  
We are as close as your telephone.

"The Hall is a ball!" is the vernacular verdict of enthusiastic  
visitors to Edison's unique Hall of Electricity at the California  
Museum of Science and Industry, Exposition Park, Los Angeles.

Here you can press buttons in 44 separate demonstration-  
exhibits, explore the innermost secrets of electricity—and  
"graduate" in 40 fascinating minutes!

The Hall is Edison's contribution to community information  
on the progress being made by the investor-owned electric  
utility industry in seeking out and developing new sources  
of low-cost electric power, and new uses for versatile electricity

You and your family will enjoy a visit to the Hall of Electricity.  
After your "graduation" you'll be informed and ready for  
the all-electric future. Why not plan a family visit soon.

One of the many wonders of electricity is the fact that it is  
among today's best buys. Look at the surprising record.

Investor-owned electric companies help  
keep down cost of electricity

While the cost of fuels (as well as the cost of living) has risen markedly during the  
past several years, the average cost of a kilowatt-hour of electricity to Edison resident  
customers is 26% lower than it was in 1939.

The actual record of Edison and other investor-owned business-managed electric  
utility companies provides positive assurance of abundant, low-cost power for  
all America's needs today, tomorrow and in the all-electric future.

### How To Keep Out of Trouble

If children were taught in the home by their parents and in the schools and Sunday schools by their teachers, one simple little rule of action, think of the sorrow and suffering it would save, not to mention the countless millions of dollars.

This rule of action wouldn't require any new laws, it wouldn't cost a dime of taxpayers' money, and it would reduce the cost of law enforcement and court trials. Respect for the rule would eventually become automatic with most children as they grew up.

There wouldn't be so many news reports of murder, robbery, kidnapping, rape, purse snatching, automobile stealing, etc., etc.

And what is the rule of action that would reduce or vicious crime record, if it became part of the thinking of children when it was taught to them daily by their parents and schools, along with suitable illustrations of what it meant?

Rule — "Keep your hands off other people and other people's property." It's that simple to keep out of trouble.

### Not So Many Cookies

It is probable that no subject of an economic nature is more generally misunderstood than what happens to the income taken in by this country's major industries. There is a particularly flagrant lack of knowledge about the size of the profits that are earned.

So a breakdown of the experience of the nation's 100 largest manufacturers during a recent year may be of value. Here it is:

Of each dollar received from customers, 51 cents went to pay for goods and services bought from others.

Five cents was consumed by the cost of tools wearing out — that is, obsolescence.

Taxes accounted for nine cents.

The cost of human energy — wages and other payroll items — took 27 cents.

After all these bills were met, seven cents remained. This was the profit. But only about half of it was paid in the form of dividends to the owners of these businesses. The other half was used for reinvestment within the businesses themselves — that is, for expansion, new tools, and all the other things that are necessary if any enterprise is to keep its place in the sun in a competitive economy.

Those who still think that the hand of the stockholders goes deep into the cookie jar had best think again.

### A Basic Right

The battle to save section 14(b) of the Taft-Hartley Act — the section which authorizes states to pass Right-to-Work laws forbidding compulsory union membership as a condition of employment — has not been lost, even though repeal has passed the House. Every legitimate effort is being made to save this essential protection of the worker in the Senate.

At the same time, if 14(b) is repealed and workers can be forced to join and pay dues to a union or join the hungry ranks of the unemployed, Congress should at the very least add another stipulation to the law. This has to do with a tightening up of union certification procedures. That should only be done through secret elections conducted by the National Labor Relations Board. Certification which is gained through the signatures of workers on cards is totally unsatisfactory. Investigations have shown that, at times, signatures are forged or fictitious or have been obtained through fraud, misrepresentation, coercion or other such methods.

What is at stake here is the Right-to-Vote. As the Memphis Press-Scimitar puts it, "If a contract is to bind every employee to pay union dues whether he like it or not, is it too much to ask for a secret ballot to make sure the union at least has majority support?"

There is nothing antiunion in this. It would make it curately and truly known whether any group of workers want or do not want union representation. This is, beyond cavil, a basic right, and so is the right of choice to join or not join.

### National Newspaper Week

If any American institution is entitled to sing its own praises — all questions of false modesty aside — it is the American newspaper. And National, Newspaper Week which is to be observed October 10 through 16, provides that opportunity.

There is nothing quite like the U.S. press. In many countries, the newspapers are propaganda organs of government and willingly or unwillingly abide by the wishes and orders of those in political power. In others, a few paper of vast circulation blanket their countries, and there is little exchange of varying views. In others, corruption and venality have destroyed the public's faith in the worth and honor of its press.

Here, however, the newspaper, with few exceptions, has been faithful to its truth. It has stood for that in which it believes, regardless of the shifting winds of politics and of the pressures of power. It stands, however difficult it may be at times, for the freedom of the press and of the right to defend and advocate policies and philosophies it considers vital to the public interest.

We have, of course, newspapers of great circulation and international prestige. And we also have — of the utmost importance — thousands of smaller newspapers, weeklies and dailies, which serve their communities and their audience in a way nothing else can. These are, each in its own independent way, guardians of a free United States.

## Shakespeare Jr's. Benefit Sale Of Recipe Box

"Delectable Desserts" and "Elegant Entrees" are but two of the mouth-watering sections in the recipe box the Shakespeare Club Juniors will be offering for sale in October and November. Members of the Juniors have donated their favorite recipes for their annual benefit sale. Mrs. Curtis Wyatt has announced. The recipe box, done in a sand color with the Shakespeare's emblem of the tragedy and comedy mask, will hold some 2,000 recipes on standard 3x5 cards.

Proceeds from the sale are used to support the Juniors' favorite charities which include the Sycamores, an integrated, non-denominational home for boys from broken families, the United Cerebral Palsy Association, and the Mental Retardation Association. The Juniors, each year since 1956, have used this fall benefit sale to help these organizations. In addition to financial help to the Pasadena Sycamores, the Juniors also donate their required service hours to them by gardening, sewing, painting, giving each boy a birthday cake, Easter baskets, and a Christmas party.

Assisting Benefit Chairman Mrs. Wyatt are Mmes. Piete Collet, David Swift, Ronald Horst, Kenneth Griffin, Patrick McCabe, Peter Telton, Thomas G. Clark Jr., Maurice E. McGrath, Gordon J. McKeeon, William Thornton Jr., Robert A. Kagal and Joseph A. Plamondon.

## New Format For Selection Of Rose Queen For 1966

A new format for the selection of the 1966 Rose Queen, expanded to include 10 private, public and parochial schools, was announced this week by J. Randolph Richards, president of the 77th annual Tournament of Roses.

All judging sessions this year will be under the direction of the queen selection committee comprised of nine members, including Paul G. Bryan, chairman. Beginning at 9 a.m. on Saturday, Nov. 13, the first queen selection activity will be held with the issuance of numbers to all contestants.

Girls from the following schools meeting the academic and age requirements may try out for the honor of becoming the ruler over the realm of roses:

Ambassador College, Blair High School, Mayfield School, Muir High School, Pasadena College, Pasadena City College, Pasadena High School, Polytechnical School, St. Andrew's High School and Westridge School.

In making the announcement, President Richards pointed out the Association cordially invites the participation of unmarried girls from the 10 schools who are between the ages of 17 and 21 and whose grade averages during the previous year were "C" or better.

Regarding the search for the Queen and Court of the 77th annual Tournament of Roses, President Richards

stated further, "We are happy that the time has come to expand the scope of queen selection activities to include all of the girls in the schools of the city. In searching for typical American girls to represent the Association as members of the royal court, race, creed and color will not be factors in the judging. Another milestone has been reached this year by staging the judging sessions at times other than school hours as a means of preventing possible interference of classroom schedules of the contestants."
